MAKENNA MARTIN

PROFESSIONAL SUMMARY

A creative, detail-oriented software developer proficient in 3 full stacks with a strong passion for coding and technology. Looking for a junior position with a company that can utilize my problem solving skills and strong desire to learn and grow. Committed to high standards of web design, user experience, usability and speed. Proven experience building full stack projects for desktop and phone users, always meeting highest standards and deadlines within given time frames.

EDUCATION

2020
Coding Dojo - Arlington VA
- Accumulated 1,200+ hours of intensive programming course work including building, testing, debugging, and deployment
- Graduated with perfect-score black belts showing working proficiency on all 3 full stack exams in Python/Django, C#/.Net, and MERN
- Collaborated and shared knowledge with classmates to complete hack-a-thons and delivered quality applications for assignments as a team

Software Engineering, 2019
Arizona State University
Completed 2 quarters before getting accepted into coding bootcamp

Business Marketing, 2016
Eastern Washington University - Cheney, WA
Completed approx. 90 credits of general education and business

WORK HISTORY

Barista Shift Supervisor, 07/2018 to 05/2020
Starbucks - Mclean**,** VA
- Multitasked both Shift Supervisor duties with barista duties at the busiest and most fast-paced store in the district
- Monitored baristas performance and conducted retraining and/or repositioning to correct problems and optimize productivity
- Completed opening and closing duties such as handling the safe and register counts, deliveries, orders, maintenance calls, store food counts, and managing breaks
- Prepared hundreds of varieties of beverages on bar and trained new employees as the lead barista trainer
